CAN YOU NAME THIS NEW HIGH-SPEED MATCHLESS MOTORCYCLE?

A truly fast road machine with a 500cc overhead cam, single cylinder engine. Think of it, at last a road bike with an engine producing better than 50 h. p. (I mean real horses not paper dolls), a close ratio gear box, the traditional high-speed handling of the Matchless Duplex frame, plus the quality expected from the Company that has produced more successful high-speed racing equipment than everyone else put together.
