Suppliers (8th November 2005)

The factory do not normally deal directly with the public. A phone call to the factory confirmed that Phil Pick has currently put his business (Triple Cycles) on hold for personal reasons. Although he is the only dealer to actually hold stock there are others who can get spares from the factory if they are still available. Effectively, they are Triumph dealers -–and the following are recommended:

Wilemans Motors, Derby 01332 342813

Supreme Motorcycles, Earl Shilton nr Hinckley 01455 841133

MCS Motorcycles, somewhere in London 0208 5342711

Also, Albert Usher (Ipswich) reports having obtained a tooltray for his G80 through Len Craig of Great Yarmouth, 01493 854680. Email address is email@lencraigandsons.co.uk
