

000597 STUD below saddle pre G3L

J Ready

REVISIONS				
ZONE	REV	DESCRIPTION	DATE	APPROVED

STUD joining front and rear frame below saddle pre G3L Models  
 Hi-tensil Steel.  
 Coslettised prior to 1940 then Cadmium (or dull zinc) finish.

NOTE: Thread lengths vary on examples I have. These lengths shown  
 allow tightening without rear frame working on the thread.
