

## Free Book

Accessory Distributors, of New York, Avon Tire distributors in the northeast, announce they have on hand a quantity of free booklets, written by Geoff Duke, with many illustrations, on the part that tires play in winning road races.

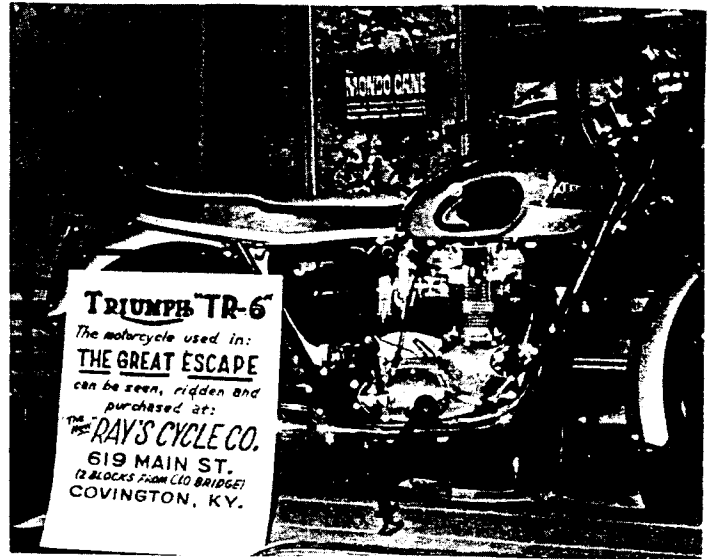

Readers may obtain a copy by writing to Accessory Distributors, 551 West 49th St., New York 19, N. Y.

## Balanced Cub

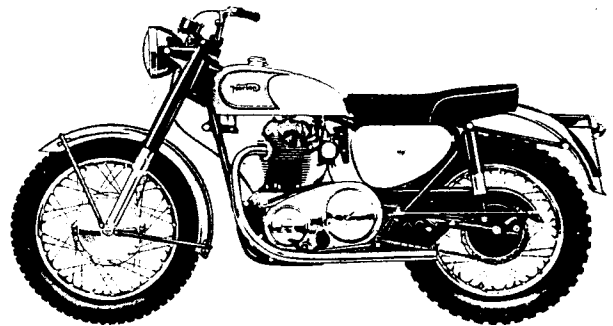

A Triumph in Precision - The Cosmos Troupe proved the versatility and handling characteristics of a Triumph Tiger Cub at low throttle speeds in this exceptional high wire balancing act recently on a country-wide tour.

## Movie Sells

Great Escape helps sell Motorcycles - Many Triumph dealers used tie-in displays to promote the sale of more and better motorcycles in their town via "The Great Escape" movie featuring Steve McQueen. The film is a smash hit and a great boon to both movies and motorcycling.

## Big Norton Scrambler

A new 750cc Scrambler model will be available from Norton for 1963, according to Berliner Motor Corp. the Norton distributor in the USA.

This big bore scrambler incorporates Matchless frame and transmission components, together with the Norton Atlas 750cc twin engine, fitted with dual carburetors. A Norton fork is fitted. The bike is officially a Norton model, despite the use of many AMC components.
