Dear Sirs,

The introduction of the 250cc. G2CSR and 14CSR Model has proved so popular that in response to many requests, this model will be maintained unaltered throughout the 1963 season.

Full details regarding our 1963 programme will be forwarded at a later date, but in the meantime we are continuing to receive orders and distribute on the above Model.

Early details of your probable requirements would prove of assistance.

Yours faithfully,

MATCHLESS MOTOR CYCLES LTD.
