GLASS'S INDEX OF REGISTRATION NUMBERS

GLASS'S Index is compiled from information supplied by the Licensing Authorities throughout Great Britain and Eire. Whilst the age of any motor vehicle may be fairly accurately estimated by a simple calculation between the first number issued under the two-letter Index Marks in January of any two years and by the dates of issue of the three-letter Marks, it is always advisable to check the year of model by the Dating Features published in Glass's "Guide to Used Car Values." The following facts must also be borne in mind:

- (1) By the payment of £5, a number may be transferred from one car to another—the old car thus receives a current-year number.
- (2) Imported used cars receive a current-year number: the number is then no indication of age.
- (3) Manufacturers' surplus stock may be marketed and first registered many months after the appearance of succeeding models.
- (4) Number one, or some other specially fancied number, may be issued to a privileged person some considerable time before the remaining numbers of the series are issued to the public.
- (5) Blocks of numbers issued to traders are not necessarily re-issued by them in numerical order or between the dates published in this Index.

Dates of Marks discontinued prior to 1930 and details of series numbers issued after January 1939 may be obtained from our Information Bureau. Whilst every care has been taken to ensure accuracy, Glass's Index is circulated to subscribers upon the understanding that no responsibility can be accepted by the publishers for any error which may inadvertently occur.

NOTICE TO THE TRADE

CAN we help you to increase your new car sales by assisting you in disposing of the big horse-power cars that have to be taken in part-exchange?

Cars that are difficult for you to dispose of locally command a ready sale through our specialized organization.

We will give you a cash price by telephone, or if preferred, send a representative to your address.

In certain circumstances, where no infringement of trade obligations is involved, we can finance the transaction for you.

Communicate with us when next you meet a difficulty of this description—it places you under no obligation, and it may enable you to make an 'extra' sale.

Attractive cash prices paid for good low mileage cars of any horse-power.

Write or Telephone to :

Karbagins,
London. 320, EUSTON ROAD, EUSTON 1212.
