HINTS FOR THE INEXPERIENCED AND REMINERS FOR THE EXPERIENCED.

ACCIDENTS.—When involved in an accident, always obtain the names and addresses of two or more independent witnesses. Make a note of the exact time, place, and position of your car, with measurements and other information which may be required in the event of any claims which may arise.

BRIDGES.—Blind or hump-backed bridges should be approached with great care. Keep well on the left-hand side.

CORNERS AND BENDS.—Never overtake another vehicle on a corner or on a bend in the road, unless you can see well ahead. This practice is perhaps more productive of collisions than any other cause.

CUTTING IN.—Don't overtake another vehicle and cut in immediately in front of it. Only "cads" do this.

DRIVING LICENCE.—Is issued from date to date. Make a note of the expiring date in your diary, and renew it a few days before due. Always carry your driving licence with you.

HILLS.—When descending hills always give way to traffic ascending, though the right of way may be yours the courtesy will be appreciated. Moreover, if a temporary stop is necessary it will be easier for you to restart than for the other fellow. If you can't stop on a down grade you ought not to be on the road at all, and should have your brakes attended to immediately.

INSURANCE.—It is inadvisable to take out a motor cycle unless you are insured against third party risks.

INSURANCE CLAIMS.—Make yourself familiar with the terms of your policy and make your claims in accordance therewith.

LIGHTING UP TIME.—Rear lights are required to be lit half-an-hour after sunset. Front lights one hour after sunset. Do not defer lighting up until the last moment, especially on a dull evening.

NUMBER PLATES.—Keep your number plates clean. Examine them occasionally to see that they are secure. If loose, they may rattle and cause an annoyance.

POLICE.—Always behave courteously and produce your licence when called upon by a police officer to do so. (Nothing is to be gained by a show of ill-temper at any time.)

REGISTRATION.—Is due for renewal on January 1st. Quarterly licence expires 25th March, 30th June, 30th September, 31st December. Licences can also be taken out from the 1st of any month to expire on 31st December.

SPEED LIMITS.—Keep a sharp look-out for speed limit signs in towns and villages and respect them.

SELLING.—When selling your vehicle be sure and advise the registration authorities and also your Insurance Company.

REMEMBER "SAFETY FIRST" ALWAYS.
